Weather Forecast.

For North Carolina—Local showers Friday, except fair on the coast; Saturday partly cloudy; light to fresh east winds.

We tell you again, it should be pronounced auto-mo-bill—not auto-mo-beel.

The Star has received a grape vine wirelet from Commander Peary's arctic exploring expedition stating that the strennous steamer Roosevelt is bear-ing due North.

The Russian Czar is doing his best to prevent the marriage of the Grand Duke Cyril. Cy should be kept in the army in order to keep him from getting into more trouble at home.

Senator Platt of New York, with all his wealth and honors, says "life is not worth living." Here we have a man knocking life when we are reminded every day that "Lumina" will take away that grouchy feeling.

It is stated that some of the envoys to the Russo-Japanese peace conference are allowed $200 a day for expenses. That much spending money would surely bring about peace in the family as well as among nations.

The Philadelphia Telegraph says: "America alone, during the present era of prosperity, consumes more champagne than is produced in all France." It is to be presumed that alleged champagne is what The Telegraph meant to say.

In "Plain Talks With Women" we find this: "A girl out in Los Angeles, Cal., some time ago, won a husband because she made good pie." It can also be related that many a girl has "lost" a husband because he ate pie which she thought was good.

Our city authorities should not overlook the fact that if a refugee from New Orleans should reach here with yellow fever and were bitten by the female mosquito known as stegomyia fasciata that mosquito could communicate the disease to every other person it might bite within a certain number of days. And this might be the beginning of an endless chain of bites and fever cases.

Phillips, which completed discharging cargo of coal for the government at Southport, has also arrived up to receive cargo of coal from the Angolia Lumber Co.

BASEBALL ON SATURDAY.

Another Game Between A. C. L. and Caswell To-Morrow Afternoon.

Once more the shades of Hilton Park, toward the setting of a Saturday evening's sun, are to resound with the vociferations of the bleachers and the hand-clap of the grand stand. The game will be called at 4:30 o'clock to-morrow afternoon and the teams to line up are the Atlantic Coast Line of Wilmington, and the soldier boys of Fort Caswell, who will come a third time in succession to try to wrest the honors from the local contingent, having dismally failed twice before. But the Caswell team is a good one—a very clever lot of ball players—and those who journey out to Hilton to-morrow may expect to find the real article of fan-food.

The game is for the purpose of raising a fund to uniform the local team and every loyal devotee of the national sport should lend support. The A. C. L. will probably be represented on the firing line by Wilson, Smith and Moore. Knox, a college player of reputation, is on his way here and will don a Wilmington uniform at short. Other strong players will also be in the game.

Manager Grimes, of the Fort, says he is bringing along his boys to win this time and that in addition to the players there will be 50 or 75 Caswell rooters, who know that side of the game to a certainty.

The local team deserves encouragement for the effort put forth to give the town a little sport during the Summer and Manager Morell bids everybody welcome. The usual courtesy is extended to the ladies, who are expected in great numbers.

Real Estate Transfers.

From deeds filed for record yesterday the following real estate transfers appear: T. M. Emerson and wife to Robert A. VETERANS' REUNION

Those of William J. Houston Camp Who Wore the Gray Assembled Yesterday

AT KENANSVILLE, IN DUPLIN

Addresses by Hon. Charles R. Thomas and Col. J. Bryan Grimes—Col. Thos. Kenan, of Raleigh, Master of Ceremonies.

Kenansville, N. C., Aug. 3.—This has been a red letter day for veterans, sons of veterans and daughters of veterans throughout all this section of Eastern North Carolina in general and Duplin county in particular. The occasion was the fifth annual reunion of William J. Houston Camp of United Confederate Veterans and it was a success beyond peradventure. The crowd was variously estimated at from 2,500 to 3,000 men, women and children, including village folk and people from a distance who came in buggies, wagons, carts and every other known vehicle of private conveyance.

The exercises took place on the beautiful, green lawn under the shade of a magnificent grove on the Court House square. Splendid music was furnished by an excellent string band from Rockfish township, which discoursed patriotic airs, supplemented by the singing of "Carolina" and other Southern favorite selections by the ladies, who distinguished the gathering with their gracious presence.

Col. Thos. S. Kenan, of Raleigh, a son of Duplin, presided over the exercises being presented to the large gathering by D. L. Carlton, Esq., of the Kenansville bar. Col. Kenan made an excellent presiding officer and was at his best in a brief introductory address extolling the patriotism of his native heath, the beauty of its women and the chivalry of its men.

Hon. Charles R. Thomas, of Newbern, the distinguished representative in Congress from this district, was the first of the principal speakers introduced. His subject was the "North Carolina Soldier," but he went beyond that and made a speech abounding in eloquence and historical fact, a brilliant defence of the Confederacy and the principles underlying its course in '60 and '61. Mr. Thomas was given the rapt attention of those in his presence and was frequently interrupted by the most enthusiastic applause. He spoke for about an hour but not once did the crowd become restless.

Hon. J. Bryan Grimes, Secretary of State, was the next speaker. His address, while about the same length of that of Mr. Thomas, was of an historical nature. It bristled with facts so dear to the Southern heart and while statistics and dates are usually dry and uninteresting at their best, the clever manner in which they were presented by the gifted speaker captivated everybody.

An elegant luncheon was served just after the noon hour, and a feast indeed it was. The old soldiers gathered about the tables with the younger generation and were simply overcome with the beauty and bounty of it all. The affair was planned and provided by the Sons of Confederate Veterans, who covered themselves with glory in the splendid success of the gathering.

Upon the occasion of the reunion both the Camp of Confederate Veterans and Sons of Veterans held their annual meetings. The veterans elected S. D. Newton, president; J. B. Oliver, vice-president, and W. J. Boney, adjutant, while the Sons of Veterans elected were H. D. Williams, president; D. S. Hines, secretary; H. Carr, treasurer, and Judge Oliver H. Allen, of Kinston, and J. O. Carr, Esq., of Wilmington, historians.

A pleasing incident of the reunion was the presence of Col. S. D. Thruston, of Texas, the last surviving colonel of the Third North Carolina Infantry, who is here for his first visit in thirty years. He responded with a brief address which was liberally applauded.

Brigadier General James I. Metts, commanding the Third Brigade, N. C. Division, United Confederate Vetgrans, accompanied Col. Thruston from Wilmington, and literally brought down the assembly with the singing of "I'm a Jolly Old Reb."

The fifth annual reunion of Duplin veterans, although many have passed beyond the river since these reunions were instituted, was the best yet held and recollections of the day will linger long in the memories of those who were here to-day.

IMPORTANT REALTY DEAL.

Wilmington Stamp Works Purchased Valuable Princess St. Property.

Through the real estate agency of Mr. James Owen Reilly, the Wilmington Stamp Works yesterday concluded the purchase of the valuable property from Mr. D. L. Gore, next west of the Atlantic National Bank, on Princess street, between the bank and the Allen building. The consideration was $7,000. The property consists of a four-story building, the first floor being occupied as a saloon by Mr. Jno. M. Meyland; the second by Messrs. J. H. Boatwright & Son, insurance agents, and Mr. S. P. Collier, and the third and fourth floors as living apartments. The property fronts 50 feet on Princess street and runs back into the block to the line of The Orton hotel. It is understood that in the Fall the Stamp Works will overhaul the building and fit it up as a home for its large printing establishment.

INTERESTING TUG BOAT SUIT

Capt. Chas. Wessell Secured Claim and Delivery for Thorpe & Applegate Property.

Through his attorney, C. D. Weeks, Esq., Capt. Charles Wessell, the well known steamboat owner, yesterday morning secured from the Clerk of the Superior Court claim and delivery papers for the steam tugs Imperial and Emma, a number of flats and lighters, tackle and all other paraphernalia which was sold about three years ago by Capt. Wessell to the Wilmington Towing & Construction Company, which recently, by authority of the Secretary of State, changed its name to Thorpe & Applegate, incorporated.

The property was originally purchased for something like $5,300 and a $3,000 balance of that amount was secured by a mortgage and three notes of $1,000 each, one maturing on the 24th day of July each year until paid. The last of the three notes matured about ten days ago and upon demand of Capt. Wessell upon Messrs. Thorpe & Applegate, payment was refused. Capt. Wessell then took out the claim and delivery papers for possession of the property under the terms of the mortgage and the execution by the sheriff was immediately made.

Messrs. Thorpe & Applegate are represented by Messrs. Rountree & Carr, attorneys, and at once gave replevin bond in the sum of $3,000 and will retain possession of the property pending a final adjudication in the Superior Court where the suit is brought. Messrs. Thorpe & Applegate gave the bond of $3,000 with the American Bonding Co., of Baltimore, which is represented here by Messrs. J. H. Boatwright & Son.

The contention of the defendants in the claim and delivery proceedings is that when they bought out Capt. Wessell, he entered into an agreement with them that he would not re-enter the business in competition with them. They claim Capt. Wessell has not fulfilled his part of the contract in that particular and that after selling out the boats under the conditions named he bought another and re-entered the towing and construction business on the river. Thorpe & Applegate set up a counter claim by way of damages, which is alleged to be more than the $1,000 and interest on the last note claimed by Capt. Wessell. The case will be heard at the next term of Superior Court and promises some interesting legal complications. The tug boats and other property remained in the hands of the sheriff only a short time yesterday as bond was immediately given by Thorpe & Applegate.

FUNERAL YESTERDAY EVENING.

Remains of Late David Berry Mitchell Laid to Rest.

In the presence of a large assemblage of friends and relatives, impressive funeral services were conducted at 5 o'clock yesterday afternoon by the Rev. Fred D. Hale, D. D., pastor of the First Baptist church, over the remains of the late Mr. David Berry Mitchell, whose sudden death occurred at the old home of the family, No. 7 South Fourth street, early Wednesday evening. The services were from the residence of his brother-in-law, Dr. A. M. Baldwin, No. 3 South Fourth street, and Dr. Hale paid a beautiful tribute to the life and character of the deceased. The floral tributes were numerous and very handsome.

The music was by a special choir consisting of Mrs. F. W. Holden, Mrs. F. A. Muse, Mr. Alex. S. Holden and Mr. C. E. Vale. Some of the selections were "We May Not Climb the Heavenly Steps," "It is Not Death to Die," and "Abide With Me," all of them being sweetly rendered and with beautiful effect upon the sad occasion.

The interment was in the family lot in Oakdale cemetery, the following named gentlemen having acted as pallbearers: Messrs. W. H. Sprunt, Matt J. Heyer, J. E. Willson, W. P. Toomer, Mike Cronly, H. G. Walsh, S. W. Sanders, and S. H. Burtt.

The news of Mr. Mitchell's death was received yesterday everywhere with sincere regret. Although the past twelve or fifteen years of his life had been spent in New York and in the West in an effort to regain his health, he was remembered here most pleasantly and all testify to his high character and fine personal qualities. His death is mourned by everyone who enjoyed his acquaintance both when in the flower of his manhood and later when meekly and with resignation, he was forced to bear up under semi-invalidism.

CAR WRECK VICTIMS.

Motorman Rogers Out of Danger—The Injured Passengers.

"Unless something very unusual develops," said Dr. Akerman last night in response to an inquiry, "Motorman Rogers who was injured in the street car collision, is out of danger." Dr. Akerman said the motorman was resting very well and getting along nicely. Motorman S. J. East, who had his foot badly cut and several bones broken in the ankle and foot, is also resting well but it will be several weeks before he will be able to leave the hospital. A brother of Motorman Rogers, who is employed on the street cars in Charlotte, is here to be with his brother.

The friends of Mr. H. J. Gerken, one of the victims of the wreck, were delighted to see him out yesterday. He had just had the stitches taken from the severe gashes in his scalp and was suffering some pain, although able to be about his duties at the store. Mr. Julius P. Taylor is still confined to his home with his injuries. He has a badly lacerated hand and wrist and a severe abrasion of the front of the leg. He is also suffering to some extent from a slight internal injury.

The Stuart House, at Southport, is one of the established institutions of the Cape Fear section, and fully maintains its old-time reputation for cleanliness, comfort, polite attention to guests and table fare that is both elegant and substantial. au 2-3t**

HARNETT'S BIG DAY

Great Semi-Centenial Celebration of the Founding of the County in 1856

AT LILLINGTON YESTERDAY

An Immense Crowd and Great Success of the Occasion—Music By Two Bands, a Big Barbecue and Dinner.

Lillington, N. C., Aug. 3.—The great semi-centennial celebration of the founding of Harnett county in 1856 has now passed into history. It has been a great success and county pride and patriotism has received a great impetus, the fruits of which will live after the celebration. An immense throng of people were present not only from this county, but distinguished visitors from abroad. It has been the home-coming for many of the noble sons of Harnett in other climes, who are prouder of their people and their county to-day than they have ever been before. The Court House, residences and stores were all in gala attire and the town of Lillington has done itself proud. The strangers "within our gates" were largely from Cumberland, Sampson, Bladen, Moore and adjoining counties, a special excursion having been run over the Raleigh and Southport road.

The speaking began at 11 o'clock, Hon. H. L. Godwin acting as master of ceremonies. Mr. J. M. Hodges was chief marshal and he had a number of aides, all of whom acquitted themselves most creditably. An eloquent address of welcome by Hon. Dan Hugh McLean, concluding with some interesting historical data, opened the exercises. He was heard with keenest interest and was followed by Dr. J. Allison Hodges, who held the great crowd breathless with his eloquence. Dr. Hodges was followed by Hon. Jno. D. Bellamy, who spoke with great interest and eloquence of General Alexander Lillington, the hero of Moore's Creek Battle, from whom the county seat is named. Mr. Bellamy paid high tribute to this Revolutionary patriot and the people who have come after him. Hon. E. F. McCulloch, of Bladen, was the last speaker before a great barbecue and dinner was spread on the Court House square. Hundreds were present and partook of the bountiful feast prepared by the good people of the county for the visitors and themselves.

In the afternoon the feature of the exercises was a poem, "Echoes," composed by Mr. T. W. Harrington, the "Bard of Harnett" and read by Miss Mattie Young. There were also addresses by Governor Glenn, Dr. C. W. Byrd, Hon. H. L. Cook, Mr. W. J. Peele, Capt. S. A. Ashe and Mr. W. E. Murchison. It was a day that will long remain in the annals of Harnett's brightest history. Excellent music was furnished for the occasion by the Third Regiment Band, of Raleigh, and the Concert Band, of Dunn, both capital organizations, which added no little to the occasion.

ACADEMY IMPROVEMENTS.

New Line of Scenery Completed—Repairs to the House.

Prof. Garing, the scenic artist of the Garing Scenic Company, who, with several assistants, has been here the past two weeks painting an entire new set of scenery for the Academy of Music, completed his work yesterday and the same was inspected by Messrs. Cowan and Schloss and found satisfactory in every respect. The new pieces consist of a parlor set, a new wood scene, street scene, kitchen scene and a plain chamber with all the necessary wings and borders for every set. All the house scenery at the Academy the coming season will be brand new and artistic and will be quite pleasing to theatre patrons.

In addition to the new scenery a number of other interior improvements are to be made to the Academy interior. The lobby will be repapered and recarpeted and the balcony will also be repapered, the latter work being done by the insurance company on account of the late trouble with a flue smoking on the north side of the house. Then there will be other improvements still before the beginning of the season, which, with the fine line of bookings already made, will make the theatre a most inviting place during the Winter. The season will open about September 2nd, with a one-night attraction, followed by Al. G. Fields' Greater Minstrels about the 8th.

Mr. Garing and wife, Mr. B. T. Whitmire, the business manager, and others of the Garing Scenic Company who have been here filling the contract for the local playhouse, will leave this evening for Goldsboro and Wilson.

The Mayor's Brief Respite.

There was no Mayor's court yesterday. Col. Waddell is still enjoying the breezes of old ocean at the Hotel Tarrymoore, but by telephone is keeping in close touch with every department of the city government. He is particularly watchful of the developments in the yellow fever situation in the further South and signifies his purpose to convene the Board of Health in special session at any time it may seem that further precautionary steps are necessary. Had the Mayor been in the city yesterday there were no cases on the police court docket.

At Pleasant Lumina.

The attractions at Lumina and the beauty of the place never grow old. The season may be waning but the crowds at the "People's Pleasure Palace" continue. There were many there last night to enjoy the music and dancing and there will be others to-night and to-morrow night. "Your friends are all there, why not take a run down?" is the way the Consolidated people are now putting it.

He is just back from Buena Vista Springs, Franklin county, Pa., at the top of the Blue Ridge, not far from Gettysburg. He says there are many North Carolinians there and that at night the rule is to get under the blankets."

JAIL BREAKERS CAPTURED.

Two of the Lumberton Birds Caught Here Yesterday.

Arthur Burden and Mack McLeod, colored prisoners, who escaped a few night ago with ten others in the wholesale delivery from the Lumberton jail, particulars of which appeared in these columns at the time, were captured at 5 o'clock yesterday morning at the Carolina Central depot by Policemen Leon George and I. F. Huggins. The negroes had just arrived on a freight train from Hamlet and had been locked in an empty car by the conductor of the train, who turned them over to the Wilmington officers as vagrants. The policemen at the time were on the look-out for the Lumberton escapes and once they laid eyes on the negroes they began to size them up by the printed description of the Lumberton jail breakers, sent out by Sheriff Geo. B. McLeod, of Lumberton. Although the negroes gave fictitious names when taken in custody, they were recognized from the description as Burden and McLeod and when confronted with the facts, they confessed their identity and said they had boarded the car in which they were found at Rosindale, N. C., about half way between Wilmington and Lumberton.

At the time of the escape Burden had just been sentenced to four years for the larceny of a watch and some clothing at Proctorville, on the new road to Marion from Lumberton. McLeod came from the Red Springs section and was under sentence of one year for breaking into a smokehouse and stealing a quantity of meat, etc. He was also held in the Lumberton jail to be tried on other charges.

Sheriff McLeod was notified of the arrest yesterday and will send an officer for the negroes to-day.

THE ORDER OF EAGLES.

Very Flourishing Aerie Established in This City Last Night.

State Deputy Grand President Chap Bodenhamer, Worthy Secretary A. C. Green and Messrs. J. O. Robinson and C. M. Cain, of Winston, composing a team from the aerie of the Fraternal Order of Eagles in the twin city last night in the Academy of Music here instituted a very flourishing branch of the order in this city, the charter list numbering about sixty of among the leading young men of the city. The exercises of installation were very impressive and the initiation was of that rollicksome nature in some of its features which has made the brotherhood famous all over the United States. The following officers were elected:

Past Worthy President—W. R. Kingsbury.
Worthy President—W. J. Bellamy.
Worthy Vice President—J. G. Littig, Jr.
Secretary—G. V. Harrell.
Treasurer—Sam Wood.
Conductor—Jas. Borroughs.
Chaplain—J. T. Burke.
Surgeon—J. B. Cranmer.
Inner Guard—Chas. Gibbons.
Outer Guard—J. L. Winn.
Trustees—R. H. Cowan, A. G. Ahrens and W. Van Hardin.

The local aerie will meet temporarily in Germania Hall, the next meeting appointed for Tuesday night. Later the order in this city proposes to fit up handsome club rooms, where the social side of the brotherhood will be cultivated, and also a finely appointed lodge room for the regular business meetings.

Becomes General Superintendent of Electric Co., in Savannah.

Mr. W. J. Haylow, formerly superintendent of transportation of the Atlantic Coast Line in this city and a transportation official of unquestioned and recognized ability everywhere, has just become general superintendent of the railway department of the Savannah Electric Company, in Savannah, Ga. The announcement is made in yesterday's Savannah News, which congratulates the local company upon securing a man of such fine ability. Since resigning his position with the A. C. L., in this city, about eight months ago, Mr. Haylow has been with the L. & N. at Nashville, Tenn., and gives up his position there to go to Savannah about the 15th of the present month.

The position in Savannah is a new one, having been created with the appointment of Mr. Haylow. He will have entire charge of all matters connected with the railway business of the company, as distinguished from the lighting department. Transportation, the car barns and the freight department will all be under the general superintendent. In short, every department of the railroad. Mr. Haylow is an experienced railroad man and will make an excellent man for the place. In the development of lines and the freight business of the company especially, great things are expected of him, says the Savannah paper.

PURIFYING THE AGRICULTURAL DEPARTMENT.

Secretary Wilson of the Agricultural Department has returned to Washington from Oyster Bay where he went to talk with the President about conditions in the Department and plans for its purification from taint and scandal. Noting the Secretary's return a Washington dispatch on Tuesday says:

"It was learned to-day that Secretary Wilson's proposed trip to the Forest Reserves would in all probability be indefinitely postponed, and that he would remain in Washington devoting his whole attention to the further study of conditions in the Department. According to advices received here to-day the conduct of the inquiry will be left in the hands of the Secretary himself, and this is regarded as an important step toward his vindication from the charges of inefficiency and worse that have been directed against him of late."

Some how or other we have a most kindly feeling for the Secretary but our sense of humor gets away with us when we see certain things said by the Secretary and newspaper correspondents who write about Department affairs. For instance it is really funny to see it stated that "he would remain in Washington devoting his whole attention to the further study of conditions in the Department." From that it would seem that Secretary Wilson has just gone to studying but the funny part about it is that he hadn't finished his studies years ago and then learned what was going on in the Department.

President Jordan and Secretary Cheatham evidenly think Secretary Wilson has had long enough time to study and has learned so little that he ought to get out and give some other scholar a chance. However, we have no idea that Secretary Wilson will either resign or be removed. He talks like a man who has seen President Roosevelt and gone back to work satisfied with himself and his job. To all appearances President Roosevelt slapped him on the back and told him he was with him, so President Jordan and Secretary Cheatham may plow up the earth but they come from the wrong section and have party affiliations that won't cut much ice at Washington.

A Washington special under date of Tuesday says:

"Considerable indignation was expressed here to-day by some officials over the interview with President Jordan, of the Southern Cotton Growers' Association, in which that gentleman referred to the Secretary as a stumbling block to the investigation and demanded his resignation. Officials in other departments regard this as going altogether too far and tending to defeat the object in view—that of purifying the Department. While it is generally admitted that Mr. Wilson even up to the time when Holmes was dismissed, regarded the matter too lightly, the evident zeal that is being shown in reorganizing matters is considered a sufficient earnest of good intentions, and it is felt that the cotton growers are now over-shooting the mark."

FREE AND UNLIMITED COINAGE.

China is up against it for having an idea that coin is money because it has the imperial stamp on it. China thought she could set her mints to turning out money "without waiting for the action of any other nation." but this shows how far China is behind the other nations of the world. China, however, is excusable when a great many people in our own Republic have the same idea of money, but then Si Ann's country is not going to be allowed to coin cheap money without waiting for the action of any other nation. Already the Chinese coinage operations are being taken notice of by the United States and no doubt the European powers will join in a protest against the loose financial ideas of the Celestial Empire.

A dispatch from Washington says the Bureau of the Mint has just received from the State Department a communication transmitted by United States Minister W. Rockhill, at Pekin, in which he encloses a letter from the Shanghai Chamber of Commerce stating that the vast increase in the coinage of ten-cash pieces by the provincial mints during the past twelve months and the further development still in progress constitute a serious financial danger, and that these provincial issues varying in intrinsic values are contrary to the pledges given by China in recent treaties to establish a uniform national coinage. The Shanghai Chamber of Commerce requests that representations be made to the Chinese government as to the great importance of limiting and regulating this production.

Mr. Rockhill, however, points out that the figures given by the Shanghai Chamber of Commerce as to the production of ten-cash pieces differ widely from a report on the subject sent to the Director of the Mint about three months ago. The letter of the Shanghai Chamber of Commerce, which Mr. Rockhill encloses, states that "although there is no immediate prospect of an oversupply of the new coins the danger prevails that; first, owing to the large profit in the production thereof to all concerned larger quantities will in course of time be turned out than required. Should this occur the new coins will inevitably go to a heavy discount, causing the manifold evils attendant on a depreciated currency and most serious disturbances to all trade, internal and external; second, the temptation would crop up to lower the standard of the coin in order to keep up a high level of profit in the production thereof should its circulating value decline. Then the problem of debased as well as depreciated coins would arise and confusion become worse confounded."

THE EASTERN CAROLINA NEWS.

Kenansville now has a newspaper, The Eastern Carolina News, the publication of which was begun July 27th by the Duplin Publishing Company. It is a 7 column folio and Mr. D. S. Hines is editor and manager. As this is the first paper to be published at the county seat of Duplin and in every respect is creditable to the county we have no doubt the News will receive hearty encouragement from the people of that splendid old county. The Star's best wishes go out to The News.

COTTON MARKETS.

New York, August 3.—The cotton market was very nervous and irregular, the feature being the August condition report of the government, which was issued t midday, showing a condition of 74.9 per cent., aginst 77 per cent., last month and 91.6 per cent. last year. This, of course, furnished a very bullish basis for crop estimates, but after quite a sharp advance early in the afternoon the market turned very weak under liquidation and bear pressure, closing at a net decline of 10@15 points. The opening was weak a a decline of 8@ 10 points on lower cables and good weather. Shortly afterward the market rallied to within 2 or 3 points of last night's finis on covering but quickly eased off again and before midday was about 13 to 17 points net lower. The publication of the report was immediately followed by a bulge of about 10@15 points on covering, but leading brokers sold very actively on the advance, driving prices back again to nearly the low point, when fresh buying orders from outside sources caused a second rally, carrying October to 10.82 and January to 11.00, or 5 to 8 points net higher. Just before the close, however, leading bers again made a hard drive at the market and while there was good support on the way down, the close was within a point or two of the lowest, with just enough buying to impart steadiness to the closing tone. Slaes were estimted at 600,000 bales.

Peculiar Disappearance.

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. COTTON.

New York, August 3.—In my printed crop report, dated July 24th, I made the following statement:

"According to my report, the average decline in condition for the month has been 2.3, which would forshadow a government report of about 75.

"The decline in condition, as shown by the government report is exactly 2.1 and is within one-tenth of a point of the figure, to which my report pointed. Inasmuch as all the various private crop reports published for several days past have indicated a condition of about 75 or 76, I am inclined to believe that the effect of the government report will be found when the excitement is over, to have been fully discounted and that the course of the market from now on will be dependent upon the later development of the crop.

SPIRITS TURPENTINE.

—A number of the Atlantic Hotel guests, Morehead City, had the misfortune a few days ago to have their pockets picked while surf bathing. About $50 was stolen.

—Raleigh Post: The Industrial News has got out another prospectus. Its roll of stockholders would make a very fair subscription list for a starter. We suppose the editor is laying in a supply of double-leaded leaders.

—Raleigh Post: The North Carolina tobacco markets are opening well. The best grades of leaf have not begun to come in, but the kinds that are offered are bringing good prices. With tobacco and cotton selling well, there ought to be no real scarcity of the ciculating medium in these parts.

—The enterprising and wide-awake Ware-Cramer Cigarette Company, of Wilson, shipped on Wednesday one solid car-load of their famous and world-renowned cigarettes, the popular "White Rolls," to Japan; and these gentlemen claim that it is the largest shipment of cigarettes ever made at one time out of North Carolina.

—Early Tuesday the stables of Messrs. Evans & McEachern, big sawmillmen at St. Paul's, near Fayetteville, and ten mules were burned, a quantity of forage and corn and a number of carts and wagons were destroyed. The fire was of incendiary origin. When Mr. Evans, whose house is near the stables, arose he found the buildings enveloped in flames.

—An Asheville dispatch to the Raleigh Post on Wednesday says: All incoming trains are bringing people from the far South, where the fear of yellow fever and the heat have rendered living uncomfortable; but many are from nearby points. There have been a number of arrivals. Through Pullmans from New Orleans arrive daily, bringing hundreds of refugees.

—Scotland Neck suffered $10,000 loss by fire early Wednesday morning. The fire started in a shack back of the store of John R. Askew and S. J. Stevens, on Main street. All the buildings for half a block south from the corner of Twelfth and Main streets were wooden and in an hour the destruction by the flames was complete. Four grocery stores, a sewing machine shop, shoe shop, barber shop and cafe were destroyed.

—Greensboro Telegram: The man who said there was no graft in North Carolina had reference of course to State affairs, for graft in national affairs seem to have as firm a hold in this State as anywhere. At the Federal Court here next month it is expected that there will be cases which will show an amazing amount of corruption in internal revenue affairs. Agents of the government are working up these cases now.

—A dispatch from Goldsboro on Wednesday: An important real estate deal was effected this afternoon by which Jos. Edwards becomes the owner of the Odd-Fellows' building for the sum of $1,500. It is one of the most desirable pieces of property in the city and is centrally located. The Odd-Fellows have bought other property on John street, and will erect a handsome building with stores underneath and elegantly appointed lodge rooms in the upper stories.

—Near Durham on Wednesday, T. B. Rodwell, guard on the county road force, was accidentally killed by his pistol slipping from the case and the hammer striking a stone. The ball, a forty-four calibre, went through his heart, killing him instantly. The guard had two negro convicts away from the main body of convicts loading rock. While at this work he stooped to throw a few rocks into the wagon. His pistol, which was in a holster under the left arm, slipped from its place and the hammer struck a rock. The ball passed through the leather holster case, then through the heart and lodged near the backbone.

—A dispatch from Charlotte on Wednesday says: What may turn out to be a case of peonage is now under investigation by a United States secret service officer in Charlotte and sensational developments are expected. The complaint was placed in the hands of United States Commissioner Maxwell this morning, and that official immediately took steps to have the charges investigated. If the investigation substantiates the complaint warrants will then be issued for the persons alleged to be involved. The matter is in such shape now that details cannot be made public. It is sufficient to say that the complaint comes from another State and that the persons who are alleged to be involved are of some prominence.

—The directors of the State's prison were in session at the prison in Raleigh on Wednesday. The board received the reports of the committee on purchasing State bonds, and this was that since the last meeting $45,000 in North Carolina bonds, due in 1909 and 1910 had been purchased at from 1.02 1-2 to 1.02 3-4 flat, these bearing 4 per cent. interest. With this purchase the State's prison now has "salted away" $104,100. The board discussed informally the condition of the State farm and all the crops were reported as being in fine condition. There are 1,200 to 1,300 acres of cotton, about 1,400 acres of corn, 400 to 500 acres of peanuts. The returns from the cotton of last year, now all sold, showed that the board and received $20,000 to $21,000 more than was estimated last January, this being on the 1,200 bales on hand then.

—The news from Kinston, Greenville, and Newbern is that at the opening breaks of the tobacco markets prices are higher than last year. The Greenville Reflector says: "There was a large crowd of people present and more satisfaction was heard at the prices for which tobacco sold than has been noticed at an opening sale in the last three or four years. The offerings consisted only of primings, yet the prices ranged from $4.00 to $12.50, several farmers making averages of $8 through. Grades that last year sold for $3 easily brought $5 at this opening. These higher prices at the opening gave all a good feeling." The Newbern Journal reports that the American and Independent buyers are on the market and that a buyer from the Japanese Government is expected in a few days. It says:

"Prices were 25 to 40 per cent. better than last year's opening and the planters who brought their tobacco to the Newbern market believe that prices received here will compare favorably with any of the neighboring markets and they are satisfied with the outlook. The prices ranged from 5 to 15 cents per pound and the amount brought was 15,000 lbs.—a fairly good lot for the opening day."

GAYETY AT "THOROUGHFARE."

Relightful Fishing and Boating Party Near Currie This Week.

(Special Star Correspondence.)

Currie, N. C., August 3.—A delightful fishing and boating party was given yesterday at the famous fishing ground "Thoroughfare," on Black river. Quite a large crowd from the "social world" of that neighborhood and adjoining vicinity were present. Among the party were Misses Lottie, Lena, Mabel and Ethel Malpass, of Montague, N. C.; Misses Hattie and Ida Malpass, of Currie, N. C.; and Miss Lucy and Minnie Brinson and Miss Mattie Mott, also of Currie; Messrs. Luther Malpass, O. B. Malpass and two sons, of Montague, N. C.; Mr. Leslie Huffham, of Keith, N. C.; Rev. H. F. Brinson and Messrs. O. D. Malpass, M. L. Moore, of Currie, and Mr. J. C. Broadus, of Burgaw.

At noontime a bountiful dinner and refreshments were served under the shady grove near the fishing ground. All returned in the afternoon declaring it the most pleasant affair they had participated in during the Summer months.

HAPPY RESULTS.

Have Made Many Wilmington Residents Enthusiastic.

No wonder scores of Wilmington citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Wilmington by Doan's Kidney Pills.

J. E. Bloodworth, residing at 30 South Front street and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy, and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in any one position for any length of time, it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills, and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt, a valuable remedy for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. Bellamy drug store; 50c and $1.00 guaranteed. Trial bottle free. **

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

WILMINGTON, N. C.

Friday Morning, August 4.

WARM WIRELETS.

Operations in the New York dry-goods market have not been extensive, but prices continue to advance. Spot goods are wanted by every buyer but they are difficult to find.

At Waco, Texas, yesterday, the jury in the case of Hank Majors, a young negro charged with criminal assault, returned a verdict of guilty, making the punishment death. The jury was out just three minutes.

General James R. Carnahan, Major General of the Uniform rank, Knights of Pythias, died yesterday at his home in Woodruff Place, Indianapolis, Ind., after an illness of two weeks. The funeral will be held Saturday afternoon at 2 o'clock under the auspices of the order.

The wreck of a sailing vessel sighted July 15th, drifting submerged with one mast sticking out about 15 feet above water, was reported by the stemer Alene upon her arrival in New York yesterday from Port au Prince, Hayti. The wreck was 300 miles east of the southern coast of Florida.

At Columbus, Ga., yesterday morning, Blanchard F. McGehee, president and manager of the Columbus Paper Company, and a member of a prominent Columbus family, committed suicide by shooting himself through the temple with a revolver. No cause has been assigned for his act.

New York, August 3.—Ten persons with fever symptoms, two of them passengers, and the remainder members of the crew, were removed from the steamship Advance at quarantine today. The steamer came from Colon, having aboard several employes of the Isthmian canal. All those removed and high temperature and were taken to Hoffman Island for observation.

At Paducah, Ky., yesterday, H. H. Loving, a former banker, shot H. A. Rose, a prominent lumber man, three times. Rose was killed. The men had been officers of a lumber company until a few days ago when Rose was forced out under charges. It is supposed that the shooting resulted from a quarrel over business affairs. Loving is under arrest but refuses to make a statement. When he emerged from his office, however, he stated that he "had to do it."

The Tidewater Railway has won out before the State Corporation Commission in the great fight that the Norfolk and Western railway was making against its petition for grade crossings in Norfolk county, Va. The Norfolk and Western sought to compel the Tidewater to erect viaducts over its tracks at two points on the approach to Norfolk and the Tidewater sought grade crossings over the Norfolk and Western which the commission has just allowed. The Norfolk and Western has the right of appeal to the Supreme Court of the State.

TWO WOMEN BURNED TO DEATH

Peculiar Result of Fire in Massachusetts.

By Wire to The Morning Star.

Warren, Mass., August 3.—News of the death of fire of Mrs. Lyman R. Hawkes and Miss Anna Skipper, a visitor, was received here today. The women were burned during a fire which destroyed the Hawkes farmhouse and barn. Mrs. Hawkes died while trying to save Miss Skipper. The flames were discovered in the barn by Mr. Hawkes, who, shouting a warning to his wife, endeavored to release a horse. The animal kicked the man, causing injuries which made him helpless for a time. Meanwhile Mrs. Hawkes and the young visitor had seen the flames and began trying to save some of the movable property in the house. While they were doing this the fire reached the building and the younger woman was cut off from one exit and Mrs. Hawkes hurried up a second flight of stairs to her rescue. The husband, though unable to stand, tried to follow but was forced back by the flames and before assistance arrived both women had perished. Mrs. Hawkes was 68 years of age and Miss Skipper was 17.

COTTON CROP CONDITIONS.

Government Report Makes General Average of 74.9 Per Cent.

By Wire to The Morning Star

Washington, August 3.—The following report on the condition of the cotton crop was issued by the statistical board of the Department of Agricultural at noon today:

The crop estimating board of the bureau of statistics of the department of agriculture finds from reports of correspondents and agents of the bureau that the average condition of cotton on July 25 was 74.9 as compared with 77.0 on June 25, 1905; 91.6 on July 25, 1904; 79.7 on July 25, 1903 and a ten year average of 82.6. By States the averages are:

Texas, 71; Georgia, 82; Alabama, 79; Mississippi, 69; South Carolina, 79; Arkansas, 68; Louisiana, 66; North Carolina, 80; Indian Territory, 82; Tennessee, 80; Oklahoma, 83; Florida, 85; Missouri, 85; Virginia 78.

Another charter is issued to the Daniels-Hahn Morse and Mule Company, of Newbern; $20,000 capital by L. B. Daniels, F. M. Hahn; also the Mount Olive Gin and Manufacturing Company, of Mount Olive; capital $2,000 by W. M. Martin and others.

RUSSIANS LARGELY REINFORCED

News, Which if True, Will Make Peace Difficult.

By Cable to The Morning Star.

London, August 4.—Dispatches from Tokio give confirmation evidence from the Japaneses correspondents of the great strength of the Russian forces and their continual reinforcement, especially in Northern Korea. Reports from the same source indicate that the greatest inundation in three years has occurred in Northern Korea. The bridges over the Tumen have been destroyed and the roads are impassable.

PEACE PARLEY NEAR AT HAND

Russian War Party in Ascendancy and Diplomats at Paris Not Hopeful

RUSSIAN SECURETIES FALL

Sato of Japanese Suite Believes Peace Terms Will Be Arranged—President Will Receive Plenipotentiaries With Impartiality.

By Wire to The Morning Star.

New York, August 3.—Acting for the President, Third Assistant Secretary of State Peirce to-day communicated to Baron Rosen, the Russian ambassador, the Japanese minister, the official programme for the formal presentation of the President of the Russian and Japanese plenipotentiaries to the Washington conference. This programme has for weeks been a subject of much study on the part of the President and Mr. Peirce. Many of the details regarding the journey to Oyster Bay, and thence of Portsmouth already have been published.

Desirous of being strictly neutral in all the arrangements for the presentation, it was decided at the outset by the Washington government that the President would recognize no precedence based on the successes in the present war. Because Baron Komura was presented at Sagamore Hill almost a week before Mr. Witte arrived in this country, it was decided that for this reason Baron Kumora must take precedence over Mr. Witte. This, however, will be recognized only in the half hour's difference in the time of the presentation of the two missions. The question as to which ship should be assigned to the Russians and which to the Japanese to take them to Portsmouth solved itself. The servants on the Dolphin are Japanese; those on the Mayflower are Chinese.

Witte Takes In New York.

Mr. Witte had an active day to-day. He has already seen more of New York than most visitors see in a week. Accompanied by Mr. Wilenkine, Russia's financial agent at Washington, he left his hotel at 9 o'clock in an automobile on a ride through Central Park, then to Grant's tomb, where Mr. Witte insisted on getting out of the car, and went into the mausoleum where he remained for a few minutes. From there he went to the Stock Exchange, and thence to the top of one of the towering downtown buildings to get a bird's eye view of the city. This quite enchanted him. "The most magnificent of all," he exclaimed. The subway next was visited and a train taken for uptown.

"Now," he said, "this is all splendid, but I want to see all of New York; lets go to the eastside."

Back down into Houston street he went, in the automobile, through the Chinese, Jewish, Russian and Italian quarters. Soon after reaching this section of the city Mr. Witte got out of the automobile and made a considerable part of the trip on foot.

Throughout the afternoon he was receiving callers, but only by appointment. To-night he dined quietly at his hotel with his suite, and to-morrow he will go to Oyster Bay with Baron Rosen.

To-morrow being St. Mary's day, according to the eastern Christian calendar and the name day of Her Majesty Maria Foedorovna, Empress Dowager of Russia, religious services consisting of high mass at 8 A. M., and Te Deum at 9 A. M. will be celebrated at St. Nicholas Russian Orthodox Cathedral, at which it is understood Mr. Witte, Baron Rosen and their suite will be present.

Sato is Optimistic.

Minister Sato of the Japanese peace commission expressed himself to-day as hopeful of the result of the peace conference. He said:

"Both commissions having come here animated with peacful impulses. I think peace will result, as it may be expected both parties will be reasonable in order to secure the blessing of lasting peace in the Orient"

To-morrow night Baron Komura, head of the Japanese peace commission will give an informal dinner at the Waldorf-Astoria, to some of the prominent Japanese residents,

Witte Will See Roosevelt To-day.

Oyster Bay, L. I., August 3.—President Roosevelt will receive informally tomorrow Sergius Witte, the principal envoy of the Emperor of Russia to the Washington peace conference. Baron Rosen, the Russian ambassador and associate Russian envoy, will accompany Mr. Witte to Oyster Bay. They will be guests of the President and Mrs. Roosevelt at luncheon. It is not expected any other visitors will be received by the President during the day.

Today he received several notable men at Sagamore Hill, among them being Sir Mortimer Durand, the British ambassador; W. W. Russell, United States minister to Venezuela; W. J. Walhoun, recently designated as a special commissioner to Venezuela; Lieutenant Commander W. S. Sims, of the navy, and William Seymour Edwards, of West Virginia.

Sir Mortimer at the conclusion of his interview with the President, said that being in New York from Lenox to meet his son who is to arrive from England next Saturday, he embraced the opportunity to see the President about some pending matters of not very great importance but which had to be looked after.

"I wish you would make it clear," said he, "that I did not come here to participate in the peace negotiations. That is no affair of mine. There really was no news in the matters the President and I discussed."

Ambassador Durand returned to New York on the 4:20 P. M. train.

Accompanied by Minister Russell, Judge Calhoun visited the President to consider with him his mission to Venezuela. In brief, Judge Calhoun will inquire into the relations between the government at Venezuela and European governments with a view to ascertaining whether they are in any way prejudicial to the interest of the United States, and he also will make a thorough investigation of the asphalt controversy.

Two Koreans, Syngman Rhee, of Seoul, and Rev. P. K. Yoin, pastor of the Korean M. E. church at Honolulu, arrived here this evening from Washington on a mission to President Roosevelt. They were unable to see the President tonight, but will remain here until tomorrow, hoping to have a talk with him then.

Not Much Hope for Peace.

Paris, August 3.—The arrival in New York of M. Witte, attracts much attention and is the source of considerable comment in official and diplomatic circles. The prevailing view is pessimistic over the success of the conference and this sentiment is increased by St. Petersburg dispatches stating that the war element is now in complete ascendancy. The bourse reflected this apprehension by large offers of Russian securities, which declined sensibly, fours falling from 88.05 to 87.45.

Peace News Threatened.

Boston, Mss., August 3.—An order restraining the town of Essex from interfering with the poles and wires of the New England Telegraph Company in connection with their use during the coming peace conference at Portsmouth, N. H., was issued today by Judge Dodge, of the United States Circuit court. Another hearing will be held August 8th, when the matter will be finally adjudicated. The company claimed that its right to maintain its wires and poles through Essex is of international importance because they form a link in the shortest telegraph and cable route between Portsmouth and Europe. The town contended that it has never given the right of location to the company.

By Wire to The Morning Star

Asheville, N. C., August 3.—Two letters and a photograph received tonight from Forth Worth, Texas, seem to prove that the body of an Englishman, which has lain unidentified in a receiving vault in this city for nine months, is that of a man who claimed to be "Lord Douglas," but who was in fact know to the police of Fort Worth, as a bigamist.

The photograph and the description accompanying it fit the body here perfectly as far as can be ascertain by a short examination.

The letters, which are from Mrs. B. E. A. Douglas, of Fort Worth, to the chief-of-police here, and Mrs. Louisiana H. Douglas, of Lambert's Point, Va., to Mrs. Douglas, of Texas, contain evidence of the sentiment that Douglas was married to at least four women, the two Mrs. Douglases known at present, are women in California and Denver, from whom the former wife has heard. All of the women claim, according to the letters, to have been deserted shortly after marriage, and Mrs. B. E. A. Douglass declares that Douglas robbed her of all of her money and jewelry.

COTTON LEAK INVESTIGATION.

Attorney General Moody Keping Up With Affairs.

By Wire to the Morning Star.

Washington, August 3.—Attorney General Moody was at his desk in the Department of Justice today. In speaking of the reasons for his return to Washington at this time he said that there were several matters of considerable importance which required his presence here.

In answer to an inquiry concerning the cotton leak investigation, the Attorney General said that he had been in close touch with the investigation from its origin but desired a further personal conference with District Attorney Beach, and this he had had today. The District Attorney said that the grand jury now investigating the cotton leak would take a recess today until the 15th. He explained that the adjournment of the grand jury was in consequence of the fact that additional evidence was expected from distant points which could not be obtained before that time.

There are several other matters of less consequence but still of considerable importance which will claim the Attorney General's attention while in Washington.

POWDER FACTORY EXPLOSION.

Narrow Escape of Employes—Building Demolished.

By Wire to The Morning Star

Eddyville, N. Y., August 3.—The nitro-glycerine house of the Nitro-Powder Company of Mingow Hollow, near here, caught fire this afternoon and the contents of the building exploded, totally destroying the structure. The men employed in the nitro-glycerine department ran from the building when the fire started and all escaped injury except one man who was slightly hurt. When the explosion occurred it was feared that a number of men had been killed but later all were accounted for.

The fire spread to the dynamite storehouse where several tones of dynamite are stored, and experienced employes regardless of danger, formed themselves into a bucket brigade and fought the flames there and extinguished them, preventing another explosion. Scores of men threw themselves on the ground when fire alarms were sounded from the mixing house and were thus saved from injury.

Holidays the Year Round.

A petition is in circulation among the four or five hundred clerks of the Atlantic Coast Line asking that the half holidays given on Saturdays during the Summer months, be given the year throughout. The employes set up that with the brief respite from duty at the week's end they are better able to give efficient service the balance of the week and that the holidays may be given without serious loss or inconvenience to the company. Many of the clerks have families and a while off Saturday afternoon gives them opportunity for shopping and preparation for Sunday. It is expected that the petitions, which are already largely signed, will be presented to the proper officials within the next few days.

YELLOW PLAGUE IS SWEEPING ON

Total Number of Cases at New Orleans Reported Up to Date Is 432

THE DEATH ROLL IS NOW 84

Fifty-Four New Cases Developed Yesterday and Fever Prevails in 66 Localities—How to Prevent Yellow Jack.

By Wire to The Morning Star

New Orleans, August 3.—The report up to 6 P. M., is as follows:

New case 54.

Total cases to date, 432.

Deaths, 5.

Total deaths to date, 84.

New sub foci, 12.

Total sub foci to date, 66.

This was the largest number of new cases reported in a single day and while it was natural to expect in consequence an increase in the number of new foci, or sub foci, as they are officially called, the number of the latter is really small in comparison. This is the period for the secondary infection to appear among those who were exposed to the original cases, and it is not surprising that the infected quarters should yield up such a record for one day.

Situation in the Stricken City.

New Orleans, Aug. 3.—With a diminunition in the number of fatalities today and with little spread of the infection to new fields the yellow situation was regarded as having a hopeful aspect. The authorities have not concealed their expectation that for some days to come there would be a daily average of twenty to twenty-five cases and proportionate number of deaths, owing to the extent of main infected territory and anything less than these figures will be regarded as a distinct assurance that the situation is still under control.

Though the announcement that Governor Blanchard had actually ordered the naval brigade under arms and had despatched the mosquito fleet of the Oyster Commission to the Louisiana-Mississippi boundry attracted attention, there is absolutely no apprehension that any serious collision will occur. Hope is generally expressed that Governor E. Hardaman's instructions to his guards not to trespass upon Louisiana territory will be rigidly observed and that there will be no necessity on the part of Commander Bostick's fleet to use violent measures.

In addition to putting the naval brigade on ships, Governor Blanchard today wired to the sheriffs and district attorneys of St. Bernard and Orleans parishes with a view to invoking the assistance of the civil authorities to clear Louisiana waters of any armed invaders. To the sheriff he sent this telegram:

"You will take steps immediately to capture and arrest all armed vessels and those found within that part of Lake Borgne situated in your parishes so that the grand jury may act. Consult the district attorney and call upon commander Bostick of the naval militia for assistance to effect capture. Go with Bostick expedition through the lake."

With a view to inaugurating a more thorough cleaning movement and to strengthen the arms of the health authorities in fighting the mosquito. Mayor Behrman called a conference today. Opinions were expressed by Health Officer Kohnke and by Dr. Beverly Warner, in charge of the ward work and by Chairman Janvier, of the Citizen's Committee that a general sanitary movement would be certain to have a fine moral effect and would enlist the sympathy and active assistance of the public in putting into effect the precautions deemed necessary to destroy the breeding places of the mosquito. The result of the meeting was the appointment of committees that will take in hand and carry out most comprehensive plans of sanitary work.

There still exists a widespread antipathy among the ignorant classes to making public cases of sickness and a great deal of the inspectors' time is taking up in running down suspicions of cases which are communicated by citizens to the board of health.

The announcement that a considerable amount of money has been deposited here to the order of the marine hospital service surgeons has caused the officers to be besieged with applicants for various positions. It is explained that no money is to be spent by the government in sanitary work here. All the funds that it will put out will be in the establishment and maintenance of detention camps and in any disinfection of cars or steamboats that may be required.

It is not improbable that the movement to bring Italian immigration here on a large scale will suffer, partly by reason of the terror which the present infection has spread among the Italians and partly by reason of the entirely unwarranted prejudice which seems to have arisen against extensive Italian colonization. With the negro flocking to the cities, Louisiana and Mississippi planters have had a difficult problem to solve in obtaining adequate labor to till their fields. Thousands of Italians have in recent years replaced negroes in the sugar fields of Louisiana and as the Italian is usually an excellent laborer, there has for some time been a strong movement to provide such facilities in the way of an immigrant station as will divert to this gateway a larger proportion of Italian immigration.

That movement has suffered a severe setback by reason of the fact that it unfortunately happens that it is the Italians who have infected not only New Orleans, but points in other states. It is recalled that in the epidemic of 1853, the severest New Orleans has ever had, it was the Germans who suffered most among the nationalities, due to the large flow of German immigration into Louisiana in the earlier fifties.

Mosquitoes Are Dangerous.

Washington, August 3.—The public health and marine hospital service has issued a circular on the prevention of yellow fever. The directions given look to the suppression of the mosquito as the only means of preventing its spread. "No mosquito, no yellow fever" is the motto announced in big black letters at the top of the circular. The document continues as follows:

"The infection of yellow fever is carried by mosquitoes and by no other means is the infection spread.

"Persons take the disease by being bitten by mosquitoes that have previously bitten a yellow fever patient.

"The mosquitoes to become infected must bite a yellow fever patient during the first three days of his attack. These first three days, therefore, are the most important time for preventing the access of mosquitoes to a fever patient.

"It is often difficult to decide during the first three days whether a patient has yellow fever; hence the necessity is threatened communities of placing a mosquito bar immediately around every patient who has fever of any kind and for thre days at least."

The necessity of drainage and screening is dwelt upon with much emphasis. The postofiffice department is sending 15,000 copies of the circular to postoffices in the following States: Louisiana, Texas, Mississippi, Tennessee, Alabama, Florida and Arkansas. The circulars are sent out in bundles of 15 or 25 for distribution in the various towns by the local boards of health. They will be posted in conspicuous places.

Gov. Vardaman's Backer.

Washington, August 3.—Secretary Shaw has received the telegram from Governor Blanchard of Louisiana, published in yesterday's newspapers complaining of the action of the revenue cutter Winona in connection with the quarantine established by the State of Mississippi, and today sent the following reply:

"As authorized by law, revenue cutter Wnona has been detailed to assist public health and marine hospital service in maintenance of quarantine established by the State of Mississippi. The State of Mississippi having established quarantine, please advise if in your opinion the act of Congress approved February 15, 1893 has been violated and if so, wherein."

The act of Congress referred to in the Secretary's telegram directs the public health and marine hospital service, under the supervision of the Secretary of the Treasury, to assist State authorities in maintaining quarantine against infectious disease and clothes the Secretary with power to enforce quarantine regulation whenever, in his judgment, the public health requires it.

Quarantine at Charleston.

Charleston, S. C., August 3.—The board of health this afternoon declared strict quarantine against New Orleans and all infected points. Inspectors will be placed on all railroads at junction points and redoubled precautions are to be taken on the water front. All shipping from the North and South will come under the eye of the inspectors. Charleston's health at present time is the best in years and the chairman of the quarantine committee of the board of health is authority for the statement that there has not even been a case of yellow fever or even a suspicious case in more than thirty years.

Columbus Getting Bumptious.

Columbus, Ga., August 3. The rumor to the effect that there is a case of yellow fever in this city has no foundation. The health authorities state that they will report promptly any suspicious case of sickness here.

Panic In Texas.

Houston, Texas, August 3.—Since a report of a suspicious case of fever at Texarkana, a sort of panic is seizing some of the towns and counties in northeast Texas and shot gun quarantines are being put into effect. Gregg county has given orders that trains shall not stop in the county either from the North or South, and that all stations must be approached with doors locked and windows tightly closed, while all car doors in freight trains must be sealed whether the cars are empty or loaded. The terror appears to be spreading and railroad officials fear serious results.

TO VOTE R. R. BONDS.

Petitions in Brunswick in Behalf of N. & W .Company.

The Southport Standard in its issue yesterday says:

During the past week the Southport, Northern & Western Railroad Company have put into circulation in Brunswick county a petition asking the County Commissioners to call an election at which the people of the county may vote for, or against, the subscription by the county to the capital stock of the company, and as the improvements contemplated by this company are the most comprehensive that have ever been proposed for the development of this port, and the upbuilding of our city and county, we trust that the people of every section will unite and do their utmost to aid an enterprise which means so much not only for our City of Southport and County of Brunswick, but for our State at large.

It is the plan of this company to connect the port at Southport not only with the great coal fields of Virginia, West Virginia, Kentucky and Tennessee, but also, and which is of far more importance, with the great manufacturing section of Ohio, Indiana and Illinois. Their terminals at Southport are to be on a most extensive scale including great docks for the accommodation of coal as well as enormous warehouses for the accommodation of the great export and import trade which it is to be the object of this road to develop.

Their plans include, besides the establishment of a line of steamers to New York, the acquisition of twenty-eight steamships for their foreign trade which are to be divided into lines running between this port and the ports of 1st, The Mediterranean Sea, 2nd, The Northern and Eastern ports of South America and 3rd, the ports of the West India Islands and Mexico.

HON. JOHN D. BELLAMY.

Friends Urging Him for the Governorship—Others Mentioned.

Yesterday's Raleigh Post says:

"Hon. John D. Bellamy, of Wilmington, ex-congressman from the Sixth District, and one of the most gifted and prosperous lawyers in the State, arrived in Raleigh yesterday morning on his way to Lillington.

"The fact that many of Mr. Bellamy's friends are prepared to urge his nomination for governor of North Carolina three years hence is already an open secret. However, when Mr. Bellamy was approached by a reporter on the matter yesterday his smiling reply was: 'I am too busy practicing law now to seek office.'

"Ever since the last State Convention politicians have been heard occasionally mentioning names as the successor of Governor Glenn. The two most persistently cited are ex-Congressman John D. Bellamy, of Wilmington, and Congressman E. W. Pou, of Smithfield. At at the same time the names of ex-Governor C. B. Aycock and ex-Congressman W. A. B. Branch are not neglected."
